Description/Analysis

Issue Detail: The Follow-Up Log is a resource managed by City staff. It is a running list consisting of items of interest for which the Animal Wellbeing Commission would like to be agendized. To place an item on the Follow-Up Log for a future agenda members may make a request during "Commission Ideas - Comments and Questions".

At future meetings, Commissioners will continue to be able to add items to the log by introducing the suggestion during Commissioner Comments-Ideas and Questions. The committee will then approve those additions by approving a Consent Calendar item at the following meeting.
