The procedures and the associated findings are as follows:

1. We obtained the completed Appropriations Limit Worksheet for the fiscal year ended June 30, 2025 and compared the limit and annual adjustment factors included in the worksheet to the limit and annual adjustment factors that were adopted by resolution of the City Council. We also compared the population and inflation factors included in the aforementioned worksheets to those that were selected by a recorded vote of the City Council.

Finding: No exceptions were noted as a result of our procedures.

2. For the accompanying Appropriations Limit Worksheet, we added the appropriations limit for the fiscal year ended June 30, 2024, to the annual adjustment amount, and compared the resulting amount to the appropriations limit for the fiscal year ended June 30, 2025.

Finding: No exceptions were noted as a result of our procedures.

3. We compared the current year information presented in the accompanying Appropriations Limit Worksheet to the worksheets described in procedure No. 1 above.

Finding: No exceptions were noted as a result of our procedures.

4. We agreed the prior year appropriations limit presented in the accompanying Appropriations Limit Worksheet to the prior year appropriations limited adopted by the City Council.

Finding: No exceptions were noted as a result of our procedures.

We were engaged by the City to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the appropriations limit calculation for the fiscal year ended June 30, 2025. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.
