Rationale for Recommendation: This staff report provides the City Council with an opportunity to approve the City Auditor's Cannabis Work Plan or to provide comments and feedback for modification of the audits for the Office of Cannabis Management.

Background: On January 14, 2020, the City Council adopted a resolution approving the establishment of a Cannabis Compliance Auditor in the Office of the City Auditor. The Cannabis Compliance Auditor will continuously monitor and report on areas of risk through frequent and proactive audits of the Office of Cannabis Management's administration and regulation of cannabis programs.

The scope and responsibilities of the Cannabis Compliance Auditor include:

- Conducting independent audits of the Office of Cannabis Management's administration and regulation of cannabis programs.
- Continuously monitoring and reporting on areas of risk through frequent and proactive audits.
- Providing recommendations to improve the economy, efficiency, and effectiveness of the City's cannabis programs.
- Evaluating compliance and enforcement of laws, regulations, and policies.
- Testing internal controls to verify processes are working as intended.
- Identifying and reporting on areas of risk.
- Analyzing actual versus projected outcomes.
- Performing cannabis-related whistleblower investigations.
- Responding to Council's requests for information and analysis of cannabis programs.
- Conducting research, studies, and benchmarking of cannabis-related issues.

To develop the FY 2020-21 cannabis work plan, the Cannabis Compliance Auditor performed a citywide cannabis risk assessment. The risk assessment included interviews with city staff, site visits to cannabis businesses, data analysis, and review of cannabis program documentation.
