**Description/Analysis**

**Issue Detail:** The Maintenance Services Division of the Department of Public Works has an ongoing need to maintain the landscaping along transportation corridors within the City of Sacramento. City Council approval is necessary to award a non-professional services agreement to Dominguez Landscape Services.

**Policy Considerations:** The recommendations in this report are consistent with Sacramento City Code Section 3.56 - Purchasing of Supplies and Services, and Administrative Policy 4101 - Procurement of Non-Professional Services

**Economic Impacts:** None

**Environmental Considerations:**

**California Environmental Quality Act (CEQA):** Under the California Environmental Quality Act (CEQA) Guidelines section 15301(h), maintenance of existing landscaping is exempt from environmental review.

**Sustainability:** The streetscape maintenance services received under this contract will support the goals of the City of Sacramento's Sustainability Master Plan by improving and optimizing the transportation infrastructure. Further, maintenance of streetscapes contributes to the quality of life by promoting "greening" within the City.

**Commission/Committee Action:** None

**Rationale for Recommendation:** In December 2018, Invitation for Bid No. B19151681026 was issued for streetscape maintenance services for the 21st Avenue Streetscapes. Three responsive and responsible bids were received.

Based upon the results of the bid analysis below, staff recommends award of a one-year non-professional services agreement, with two optional one-year extensions to Dominguez Landscape Services, the lowest responsive and responsible bidder.

The total amount of the agreement, \$228,486, includes \$4,565 for additional maintenance and repairs not included in the agreement's scope of work. The amount is based upon the amount of additional work typically required to address damage caused by vandalism, pest infestations, unseasonably high or low temperatures, and other unforeseen causes.
