Title:
Application for the CalRecycle Beverage Container Recycling City/County Payment Program

File ID: 2018-01536

Location: Citywide

Recommendation:

Adopt a Resolution authorizing the City Manager or the City Manager's designee to: 1) submit an application for the CalRecycle Beverage Container Recycling City/County Payment Program in an amount not to exceed \$200,000; 2) execute all documents necessary to implement and secure the payment, if awarded; and 3) establish a grant project, and related revenue and expenditure budgets in the amount not to exceed \$200,000, if awarded.

- 2-Resolution

Description/Analysis

Issue Detail: The California Department of Resources Recycling and Recovery (“CalRecycle”) has established the Beverage Container Recycling City/County Payment Program to make payments to qualifying jurisdictions for the implementation of beverage container recycling and litter abatement projects. To receive these funds, CalRecycle requires the governing body of the applicant to annually prepare and provide a signed resolution authorizing the local jurisdiction to apply for the payment program and identify the job title or his/her designee authorized as the signature authority to execute all documents necessary to implement and secure payment.

Policy Considerations: The recommendations in this report are consistent with the City’s General Plan waste diversion goal to encourage recycling, composting, and waste separation to reduce the volume and toxicity of solid wastes sent to landfill facilities.

Economic Impacts: Not applicable

Environmental Considerations:

California Environmental Quality Act (CEQA): This report concerns administrative activities and government fiscal activities that do not constitute a “project” and is not subject to the provisions of CEQA (CEQA Section 15378(b)(2)).

Sustainability: The proper recycling of beverage containers and litter abatement projects will contribute to a safer and cleaner environment.

Commission/Committee Action: None

Rationale for Recommendation: CalRecycle requires the governing body of the applicant to provide a signed resolution authorizing the application. If awarded, the Department of Public Works, Recycling and Solid Waste Division will use these funds to implement new and existing beverage container recycling and litter abatement projects (e.g. truck signs, outdoor advertising, City utility bill inserts).

Financial Considerations: Staff recommends applying for funding from the CalRecycle Beverage Container Recycling City/County Payment Program in an amount not to exceed \$200,000. No matching funds are required.

There are no General Funds planned or allocated to this project.

Local Business Enterprise (LBE): Not applicable
