Description/Analysis

Issue Detail: The Department of Utilities (DOU) has an ongoing need for On-Call Maintenance in the areas of Fencing, Tree Pruning/Trimming, and Painting.

Policy Considerations: City Council approval is required for contracts of \$100,000 or more.

Economic Impacts: None

Environmental Considerations: The Community Development Department, Environmental Services Manager has determined that the proposed activity is not a project pursuant to the California Environmental Quality Act (CEQA). CEQA Guidelines Section 15378(b). The activity is a continuing administrative or maintenance activity, such as the purchase of supplies and/or personnel-related actions and is not subject to CEQA. CEQA Guidelines Section 15060(c)(3).

Sustainability: Not Applicable

Commission/Committee Action: Not Applicable

Rationale for Recommendation: On March 16, 2018, the Department of Public Works advertised a Request for Proposal (RFP) for On-Call (Various) Trades Opportunity. This solicitation resulted in 69 on-call contract awards. Through the approval process, other City departments were authorized to use the On-Call Master Contractor Services List for competitive bidding purposes, provided that each department obtains appropriate approvals and executes its own agreements and purchase orders.

DOU staff recommends Council approval to enter into its own agreements with five of the contractors for the three-year term:

- D&H Painting, Inc. for a total amount not to exceed \$500,000
- River City Painting for a total amount not to exceed \$500,000
- Fallen Leaf Tree Management for a total amount not to exceed \$250,000
- Crusader Fence Company, Inc. for a total amount not to exceed \$300,000
- S&S Fence for a total amount not to exceed \$300,000

Financial Considerations: The contracts range in amounts depending on the vendor and service, for not-to-exceed totals of \$250,000 to \$500,000 for the full term. Contractors may have multiple

assignments each year, however, the aggregate amount will not exceed the contract amounts as identified in each agreement.

Sufficient funds are available in the Department of Utilities FY2018/19 Operating Budget through June 30, 2019 for the services. Services received after June 30, 2019 will be subject to funding availability in the budget adopted for the applicable fiscal years. Services for each project will be requested, at the time the request for maintenance is made, provided that sufficient funds are available in each of the projects.

There are no impacts to the General Fund for this Agreement.

Local Business Enterprise (LBE): The minimum LBE participation requirement is waived as the City has suspended competitive bidding and utilized an alternate procurement method to select vendors.
