1-Description/Analysis

2-Sacramento City Charter - Article XII Redistricting

### Description/Analysis

**Issue Detail:** At the general election on November 8, 2016, the voters approved a measure that added article XII (§§ 170-179) to the City Charter, thereby creating the Sacramento Independent Redistricting Commission ("SIRC"). SIRC has exclusive authority to redraw council-district boundaries (§ 170(a)), is to conduct an open and transparent process with robust public input that will assist in the consideration of the boundaries (§ 170(b)(2)).

Within six months after census-block-level population data from a regular United States decennial

census is made available to the public, SIRC must adopt a final map establishing new council-district boundaries and a final report explaining its decision. The final map must include a precise map and written description of the boundaries of each council district. In the final report, the commission must explain the rationale for the council-district boundaries, including, at a minimum, an explanation of how the final map complies with the redistricting requirements and criteria in City Charter § 175 and a reasonable justification for any council-district boundary that does not comply with any redistricting criterion. (§ 171(a).)
